

Need Project Report

July & August 2014

"I was hungry and you gave me something to eat"

[Matthew 25:35]

Serving Jesus in His most distressing disguise

This report covers the work of The Need Project which has been involved in working across Central Bedfordshire in food provision

Purpose

This report has been compiled to provide our supporters and referral agencies an overview of the extent and growth rate of the project.

The information provided maintains our clients confidentially, but does reveal the shocking statistics on the levels of food poverty we with your support are seeking to address across our region.

Who we are

The Need Project Central Bedfordshire exists to provide a Christian response for people in our communities who are facing various situations of need.

The project is overseen as a Charitable Incorporated Organisation [application in progress] and run by members of four “hubs”; Kings Baptist Church Stotfold, Flitwick Baptist Church, Sandy Baptist Church and Shefford Baptist Church.

We respond to situations of need via confidential referrals processes from multiple agencies and care workers across central Bedfordshire.

All our delivery teams are DBS checked, approved by the leadership teams of the partner churches and have signed confidentiality agreements.

Our objectives

To relieve persons in Central Bedfordshire and the surrounding area that are in poverty or financial hardship in such ways as the Trustees from time to time think fit, in particular, but not exclusively by:

1. Providing food parcels to support individuals and families who are experiencing food deprivation.
2. Providing other items to meet immediate and essential needs, as resources allow.
3. Developing other forms of support to meet immediate need and alleviate financial hardship.

Our values

We are a Christian organisation motivated by Jesus' teaching on poverty and injustice. We operate according to Christian principles of compassion, honesty, integrity, openness, kindness and care of all people, regardless of backgrounds or beliefs (or none). We are passionate about inclusion and being non-judgemental is central to what we do. We believe that everyone has the right to have food on their plate, dignity, skills, a chance to work and hope for the future.

How we operate

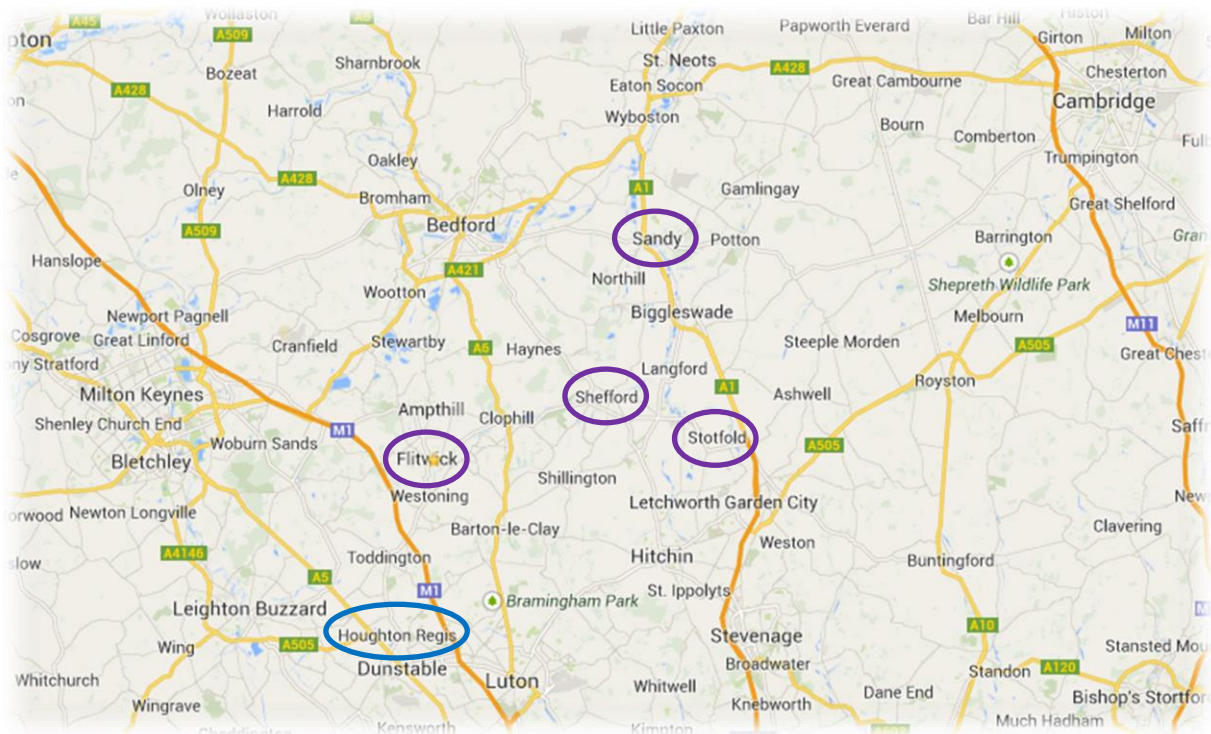

The Need Project has a system of networks that have been developed as the project has grown. We rely on the network of donors who generously support the project with food and funds, and the network of care workers and agencies that connect us with hungry people who we bring your food too.

Hubs

We have four hubs in operation so far, as shown on the map. The central hub is King's Baptist Stotfold where all the referrals come into and are logged and then sent out to the nearest local hub for action.

We are in discussion with church leaders in the Martston Moretaine, Lidlington and Stewartby area about setting up a hub in that area too.

In consultation with Central Bedfordshire Council, Local Welfare Provision Team [CBC LWP], we have set up a food storage and parcel collection point for their clients who are able to collect from Bedford Court in Houghton Regis. The Project maintains the food levels and the number of food parcels supplied is detailed in this report. We are keeping this under review to assess the feasibility of using this model with other agencies.

The map also indicates the area of coverage we are called to serve.

The goal to raise funds to support Gordon full-time on the project is progressing; but we still have a shortfall and are looking to the Lord to meet this need.
